Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Monday 04 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and scattered heavy showers.

Today:
Monday will be a breezy day with a mixture of sunshine and scattered showers. The showers will be most frequent across Cumbria and North Lancashire and will be heavy in places with a risk of hail and thunder. Maximum temperature 15 deg C (59 deg F).

Tonight:
Scattered showers at first this evening before heavy rain spreads from the south with all parts seeing some heavy bursts of ran in the early hours. Turning windy by morning. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Wet and windy through Tuesday, with a risk of coastal gales for a time. Turning drier and brighter from the west late in the day, with the wind slowly easing. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Dry and bright on Wednesday with some afternoon sunshine. Turning cloudier and breezy on Thursday and Friday with a risk of some patchy rain in the north.
